SAID BY THE SAINT

Man-making education is the need of the hour. We want education by which character is formed, strength of mind is increased, intellect is expanded so that one can stand on one's own feet. In fact, Education is the manifestation of knowledge that is already in man. Eradication of illiteracy is the real social service to mankind. What sculpture is to a block of marble, Education is to the Human soul. The aim of education is to teach us how to think rather than what to think. Character development is great and is the sole aim of Education. It does not consist in mastering of languages, but is found in the moral training which extends beyond the school room. It is the knowledge of how to use the whole of oneself.

NATIONAL PLEDGE

India is my country. All Indians are my brothers and sisters. I love my country and I am proud of its rich and varied heritage. I shall always strive to be worthy of it. I shall give my parents, teachers and all elders respect and treat everyone with courtesy. To my country and my people I pledge my devotion and in their well being and prosperity alone, lies my happiness.
